TOTAL	3 Partners	₹73,04,220	7 donation phases across 3 years

1 Gujarat Gas Limited — Neurostimulation Infrastructure

₹25,31,220 | Donated via SETU | 30/03/2024 | Certified: CA Amish Shah (16/08/2024)

Gujarat Gas Limited's foundational investment established ICU-grade ECT monitoring and Gujarat's first Deep TMS (Transcranial Magnetic Stimulation) facility, creating a regional center of excellence for neurostimulation therapy. The donation was received through Socio Economical Transformation and Upliftment Society (SETU) on 30 March 2024.

Equipment Procurement & Utilization

Equipment / Item	Supplier	Date	Amount
Aerobe Instruments — Neurostimulation Equipment (Part 1)	Aerobe Instruments	02/04/2024	₹17,07,121
Proactive Healthtech ICU-Grade Patient Monitor	Proactive Healthtech	02/04/2024	₹5,15,200
Aerobe Instruments — Neurostimulation Equipment (Part 2)	Aerobe Instruments	03/04/2024	₹2,32,790

TOTAL UTILIZED			₹25,34,911

1.1 ICU-Grade ECT Patient Monitoring — Cumulative Impact (2023–Present)

287 ECT Patients 2023–Present	2,041 ECT Sessions Total delivered	92.3% Completion Rate Exceeds national avg	ZERO Adverse Events Perfect safety record
--	---	---	--

ECT Metric	Value	Notes
Total ECT Patients	287	Cumulative 2023–Present
Total Sessions Delivered	2,041	Average 7.1 sessions/patient
Index Course Completion (6–12 sessions)	265 (92.3%)	Significantly above national benchmark
Non-Index Course Patients	22 (7.7%)	
Patients — Full Price (≥₹8,000/session)	163 (56.8%)	Revenue: ₹95.33 lakhs; Avg ₹8,457/session
Patients — Subsidised (<₹8,000/session)	124 (43.2%)	Total subsidy: ₹21.34 lakhs
Tier A: <₹3,000/session	6 (2.1%)	Avg ₹1,667; subsidy ₹2.55 lakhs
Tier B: ₹3,000–5,000/session	23 (8.0%)	Avg ₹3,971; subsidy ₹5.51 lakhs
Tier C: ₹5,000–8,000/session	94 (32.8%)	Avg ₹5,599; subsidy ₹16.01 lakhs
Total ECT Subsidy Extended	₹21.34 Lakhs	Financial equity in psychiatric care
Adverse Cardiac Events	Zero (0)	Across 2,041+ sessions

ECT Patient Segmentation: Treatment Completion vs Financial Support

Patient Segment	Patients	%	Description
Index Course + Full Price	151	52.6%	Ideal outcome: Clinical completion + self-sustaining
Index Course + Subsidised	114	39.7%	Clinical success with financial support — CSR enables equitable access
Non-Index + Full Price	12	4.2%	Short course, full-paying
Non-Index + Subsidised	10	3.5%	Short course with support
TOTAL	287	100%	

1.2 Advanced Neurostimulation — Deep TMS Technology

First in Ahmedabad

74 Deep TMS Patients 2023–Present	2,676 Deep TMS Sessions Total delivered	36.2 Avg Sessions/Patient High completion rate	1st in Ahmedabad Regional tech leader
--	--	---	--

The Aerobe Instruments investment (₹19,39,911) includes the DB80 H-coil Deep TMS technology — establishing Parth Hospital as the first facility in Ahmedabad to offer Deep TMS (dTMS) for treatment-resistant depression and OCD. All 74 patients post-acquisition received dTMS rather than conventional superficial TMS, ensuring access to the most advanced neuromodulation available. FDA-approved protocols are followed for all treatments. The high average of 36.2 sessions per patient demonstrates exceptional treatment compliance and protocol adherence, critical for optimal therapeutic outcomes.

2 Gujarat Gas Limited — Gujarat's First Psychiatric Ambulance

₹34,00,000 | Donated via SETU | 14/10/2025 | Operational: November 2025

Gujarat Gas Limited's second major investment of ₹34,00,000 in October 2025 established Gujarat's first dedicated psychiatric ambulance service — a revolutionary initiative providing safe, dignified, ICU-grade emergency transport for patients in acute psychiatric crisis, completely free of charge for all vehicle, fuel and equipment costs across Gujarat.

₹34L Total Investment Complete project	6 Patients Served Nov-Dec 2025 (initial)	ZERO Adverse Events Perfect safety	FREE Transport Model Statewide Gujarat

Revolutionary FREE Transport Model — Free for All Patients

- Complete ambulance transport — any Gujarat location to hospital
- All fuel costs (up to 400+ km)
- ICU equipment: monitors, defibrillator, oxygen
- Emergency supplies & medications during transport
- 24/7 — no premium for nights or weekends

Chargeable (Sustainability)

- Psychiatric staff: assessment, de-escalation, medication, family support

Private ambulances cost ₹10K–30K per trip. The FREE model eliminates the primary financial barrier, while staff charges ensure clinical excellence.

Year	Transports	Free Value
Yr 1 (2025-26)	40–45	₹4–6L

3 Ascendum KPS Private Limited — Emergency Safety & Digital Outreach

₹4,50,000 | Phase 1: Mar 2024 | Phase 2: Jan 2025 | Certified: CA Amish Shah

Ascendum KPS's two-phase partnership of ₹4,50,000 delivered synergistic impact across emergency cardiac preparedness and digital mental health education — creating life-saving clinical safety infrastructure while dramatically expanding community outreach.

Phase 1: Emergency Medical Equipment — ₹3,50,000

Donation Date: 25/03/2024 | Reference: R/050/23-24 | Certified: CA Amish Shah (11/04/2024)

Equipment Procured

- **Biphasic Defibrillator with Recorder** — biphasic waveform technology, integrated event recorder, multiple energy level settings, portable for emergency response, essential for cardiac arrest management during ECT
- **Three-Lead ECG Facility** — real-time cardiac monitoring, three-lead configuration, synchronized with the defibrillator, continuous monitoring during high-risk procedures

Critical Need — ECT Cardiac Risks

- Transient arrhythmias during seizure induction
- Blood pressure fluctuations
- Rare but serious cardiac arrest events
- Pre-existing cardiac conditions in elderly patients

Impact Metric	Outcome
Annual ECT Patients Supported	81+ patients
Annual ECT Sessions	350–400 sessions
Cardiac Monitoring Coverage	100% of procedures
On-Site Resuscitation	Established
Prevented External Transfers	5–8 annually
Equipment Lifespan	10–15 years
15-Year Projected Benefit	1,200+ patients

Phase 2: Digital Mental Health Platform — ₹1,00,000

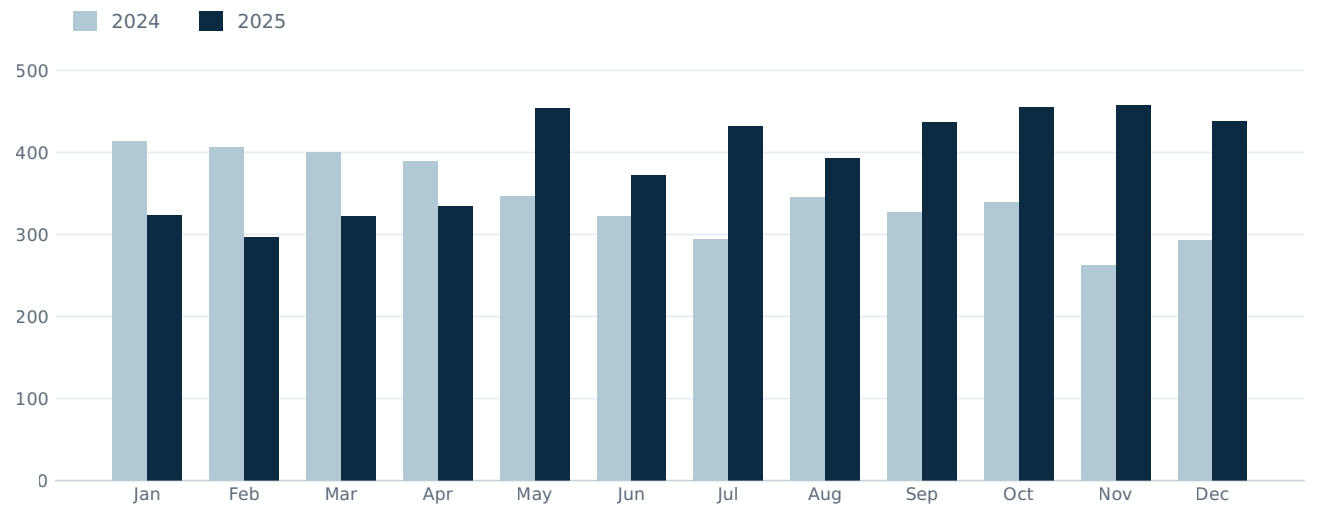

Donation Date: 22/01/2025 | Certified: CA Amish Shah (26/03/2025) | Collaborative: Ascendum KPS ₹1L + Palvi Industries ₹1L = ₹2L total | Developer: CreativeKatta

4.2 ICU-Grade Infrastructure Development — ₹2,90,000

Supplier: Prisha Associates (Authorised Draeger Partner) | Quotation: PA/2025-26/059 | Expected: Mar 2026

A. Central Oxygen Manifold System

- Primary 1+1 manifold with auto switchover, plus emergency tertiary backup
- Messer regulator (Germany)
- 176 ft medical-grade copper piping · 10 isolation valves
- Integrated alarm + pressure monitoring

B. Draeger Prana S ICU Bed Panels (6 Units)

- Premium 1.25m (1 unit): O₂ + Vacuum + Compressed Air, 8× sockets, 2× RJ45, nurse call
- Standard 1m (5 units): O₂ + Vacuum, 4× hospital-grade sockets

Cost: ₹2,45,763 + GST ₹44,237 = ₹2,90,000 | Warranty: 1 Year (Draeger)

ICU Impact Metric	Value
ICU-Grade Beds Established	6 beds
Annual High-Acuity Admissions	120–150
Avg ICU-Level Stay	5–7 days
Prevented Adverse Events/yr	15–20
Emergency Response Time	<60 seconds
Infrastructure Lifespan	15–20 years

ICU Impact Metric	Value
20-Year Projected Benefit	2,400–3,000 patients

4.3 Additional Infrastructure & Community Investment

Component	Amount	Details & Impact
Mental Health Awareness Program	₹1,00,000	Agency: CreativeKatta — community education, stigma reduction, early intervention promotion
Patient Bed Mattresses (7 units)	₹34,366	Supplier: Care 4 Chair — medical-grade, ₹4,910/unit — pressure ulcer prevention for long-stay patients
ECT Safety Equipment	₹20,610	ECT Headband ₹9,520 + Easy Care Cuff ₹2,240 + CBL 5-Lead ECG Cable ₹8,850 — enhanced ECT safety
TOTAL	₹1,54,976	Community + comfort + clinical safety

Complete Palvi Industries Fund Utilization

Category	Amount	% of Total

Investment vs Impact — Visual Overview

Investment Split (₹73.04L)

Patients by Service Type

Long-Term Infrastructure Impact Projections

Infrastructure Asset	Lifespan	Projected Beneficiaries	Projected Value / Notes
ICU Patient Monitor (₹5.15L)	10–15 years	5,000+ ECT patients	Core safety infrastructure — zero adverse events to date
Deep TMS Equipment (₹19.40L)	15–20 years	5,000+ patients	Gujarat's only Deep TMS facility — regional referral center
Emergency Defibrillator + ECG (₹3.50L)	10–15 years	1,200+ ECT patients	100% cardiac monitoring; 5–8 prevented transfers/yr
ICU Central O ₂ + Bed Panels (₹2.90L)	15–20 years	2,400–3,000 ICU patients	120–150 annual high-acuity admissions; <60 sec response
Psychiatric Ambulance (₹34L)	10–12 years	550–700 patients	₹55–100L free transport value; statewide Gujarat coverage
Digital Platform / Website (₹2L)	5+ years	25,000+ users	5-yr projection at current growth trajectory
ECT Safety Equipment — Palvi (₹20,610)	5–10 years	81+/yr	Enhanced monitoring accessories
Patient Mattresses — Palvi (₹34,366)	5–7 years	81+/yr	Pressure ulcer prevention for long-stay patients

6 Key Success Indicators & Achievements

Perfect Safety Record

Zero adverse cardiac events across 2,041+ ECT sessions. ICU-grade monitoring and emergency defibrillator have prevented potentially fatal complications.

Technology Leadership

Gujarat's only Deep TMS facility (₹19.40L investment). First psychiatric ambulance in Gujarat (₹34L). Established as regional referral center for advanced neurostimulation.

Equitable Access

43.2% of ECT patients (124 individuals) received ₹21.34L in subsidies. FREE ambulance transport eliminates financial barriers statewide. 16 patients received direct ₹4.75L support (54% avg coverage).

Clinical Excellence

92.3% ECT index course completion rate — significantly above national benchmarks. 36.2 average Deep TMS sessions per patient demonstrates exceptional protocol adherence.

Digital Excellence

Q4 2025: +52.6% average growth. November 2025: +74.14% — best month ever. 8 of 12 months positive year-over-year. Projected 5,000+ annual users.

Infrastructure Sustainability

15–20 year equipment lifespan creates multigenerational impact. ₹73L investment projected to generate ₹100L+ in value. Minimal ongoing operational costs.

Ambulance Innovation

Free transport model eliminates economic barrier (private ambulances: ₹10K–30K per trip). Professional psychiatric staff ensure clinical excellence. 24/7 statewide coverage.

Synergistic Ecosystem

Clinical safety + advanced technology + patient financial access + ICU infrastructure + emergency transport + digital education = comprehensive mental health ecosystem.

7 Certification, Compliance & Declaration

We hereby certify that CSR grants totaling ₹73,04,220 received from Gujarat Gas Limited (₹59,31,220), Ascendum KPS Private Limited (₹4,50,000), and Palvi Industries Limited (₹9,23,000) have been utilized solely for the stated objectives of mental health infrastructure strengthening, psychiatric emergency transport, patient care support, and community education.

Donation	Partner	Amount	CA Certification	Status
Gujarat Gas — Neurostimulation	SETU / Gujarat Gas Ltd	₹25,31,220	CA Amish Shah 16/08/2024	Fully Certified
Ascendum KPS — Phase 1 (Defibrillator)	Ascendum KPS Pvt Ltd	₹3,50,000	CA Amish Shah 11/04/2024	Fully Certified

Palvi Industries — Phase 3	Palvi Industries Ltd	₹3,00,000	CA Amish Shah	Under Execution → Mar 2026
Gujarat Gas — Psychiatric Ambulance	SETU / Gujarat Gas Ltd	₹34,00,000	CA Utilization Certificate Pending	
TOTAL		₹73,04,220	All Active / Operational	

All projects are completed and operational, or under execution per agreed timelines. The integrated infrastructure has served 417+ direct patient beneficiaries through 4,717+ therapeutic sessions with zero adverse cardiac events, while extending ₹26.09 lakhs in direct financial support. The psychiatric ambulance transported 6 patients in its first two months (November–December 2025) with zero adverse events, providing ₹60,000–₹1,80,000 in free transport value to families in crisis.

Google Analytics data (website performance) is independently verifiable. Ambulance registration GJ01MT3121 is publicly verifiable with Gujarat RTO. Draeger, Philips, and Proactive Healthtech equipment carry manufacturer warranties. Complete audit trail maintained for all expenditures. Compliance with CSR guidelines and Income Tax Act (Section 12AA) confirmed.

OUR DEEPEST GRATITUDE TO OUR CSR PARTNERS

Gujarat Gas Limited | Ascendum KPS Private Limited | Palvi Industries Limited

For your visionary commitment to mental health care excellence in Gujarat. These partnerships have created lasting infrastructure benefiting thousands of lives for decades to come.
